- Only clean versions of songs, no F bombs, racial slurs or sexist lyrics
- Review playlist of previous DJ and try not to repeat
- As always play to your crowd but do play a variety of genres and tempos
- Monitor your volume, it is a small ballroom and isn't going to take much to fill it
- Bumper DJs keep volume low enough that emcee does not have to shout over music
- The DJ scheduled as the Main DJ determines who plays socially between comps
- Aidan - please post the location for routine music sent or uploaded in the FDM FB page
